## Permanent Way Division

### Engineering Staffing Specialists

EPCglobal has over 20 years experience in staffing many Rail & Civil projects. Since 1986 our staff and contractors have worked on projects in over 40 countries. Our offices specialise in the supply of staff and contract engineers to major clients in the UK and around the globe.

#### Overview

We are focused on supplying the highest possible level of service to clients throughout the industry. Our unique database is built on experienced professionals in all aspects of the Permanent Way design, construction and engineering.

#### Our Clients

EPCglobal's clients are at the very top of their respective fields. In various sectors throughout the industry we are working alongside established giants and fast growing new organisations as they continue to strengthen their workforces for new projects. We don't work with everyone. In a market where skills are in short supply, we choose to focus our efforts on a relatively small number of customers globally. Our clients include:

#### Our Team

Our Permanent Way Team will work with you to deliver against your exact needs, utilising their industry expertise and key recruitment skills. In addition to standard recruitment services, we offer full management services and headhunting for senior positions, drawing on our extensive network of senior industry figures.

#### Expanding Your Options

Our new approach to Candidate Attraction involves a dedicated team of 10 focused entirely on generating new candidate activity through structured advertising campaigns, international exercises and targeted referral projects. We are uniquely placed to increase our clients' options and deliver new talent.

#### What Our Customers Say...

"One of Bechtel's competitive advantages is the use of EPCglobal's recruitment services. Access to EPCglobal's network of specialist engineering staff is an attractive proposition for anyone who, like me, has responsibilities for hiring professional and quality minded personnel for major projects, to deliver against tight deadlines. I always seek their involvement, especially for skilled and senior people."

"The reason I only work with EPCglobal is more than just access to the best opportunities, a flawless payroll and all the basics, it's about support from people I know and trust. The best thing about these guys is that they act in the interests of their people. They know their business benefits in the end by helping us make the right decisions."
